## Terms and conditions

1. The wireless modem included within your plan is as specified on your application form and must be obtained from Community Telco at the time of sign-up or it is forfeited. Colour and style of wireless modem may vary from images used in this brochure.
2. The service is only available to customers who connect to a new wireless broadband service contracted for 24 months. All applications for the service are subject to credit assessment and acceptance.
3. Standard early termination charges apply when changing this service to a service of a lesser monthly charge.
4. Your pricing plan sets out the amount of included data that you can download and upload in a billing month. Data usage will be counted in kilobytes, where 1000KB = 1MB and includes both uploads and downloads.
5. If you exceed your plan's included monthly data allowance, excess usage will be charged at \$0.06 per MB. At the end of each billing month any unused included data will be forfeited.
6. Customers can expect average download speeds between 512kbps and 3Mbps. Actual speed achieved will vary depending on how far you are from the mobile tower, configuration and quality of your connection, the number and type of services being used in the connection area, your computer's hardware and software setup, and the configuration of any computer you are trying to access remotely.
7. The service as described is only available within our selected GSM or 3G/HSDPA coverage area and is subject to network availability. Please refer to [www.optus.com.au/coverage](http://www.optus.com.au/coverage) for full coverage details.
8. You can also use the service to connect to the internet outside the 3G/HSDPA areas, within our selected GSM network areas. Where only GSM coverage is available you will not experience broadband speeds.
9. The service is only available for use with a Community Telco supplied SIM card and approved wireless data modem.
10. These wireless broadband plans may only be used to access data services. You cannot use the supplied SIM card to access other services such as voice calls, or send and receive SMS.
11. If the supplied SIM card is used in an alternate modem it will count towards your plan's data allowance.
12. If you require a replacement SIM card, a fee of \$20 per SIM card will apply.
13. To ensure you are maximising the best speeds available from our network it is important to check the system requirements on your personal device are compliant with our network. For full details of the applicable system requirements please call our Customer Call center on the contact phone number below.
